Thanks, David! I'm guessing it's okay to use the picture from the sitrep in a presentation at a pretty public meeting? Lots of tribes from R9 will be at RTOC.

Also, who at R8 would know if there were any meetings that happened in Colorado focused on Form 95? We got a question from the Navajo Speaker about this last week. Happy to chat about this to give you (or the appropriate R8 person) more context.

Thanks again!

The sitrep has a great photo on the front page. You can always go into epaosc.net<http://epaosc.net>, log in and get photos from our web site on the mine site work. If you don't have access you can request it

via the login page or someone in the removal program can help.

Thanks
